Press release 09.10.2019

Our new company location in Neustadt

The groundbreaking ceremony took place at the beginning of June 2019, the move is planned for December 2019

Govinda moves. Again? Exactly right! The Govinda GmbH expands once more and managing director Doris Maiwald is building this time. From January 2020, the self-sufficient Govinda headquarters will be located in Neustadt an der Weinstraße. The move is planned for the end of 2019 with around 45 employees from headquarters, warehouse and production. Starting in January, Govinda Natur GmbH intends to be available for its customers from the new location at Joseph-Monier-Straße 12 in Neustadt an der Weinstraße. In addition, a factory outlet for end customers will be built at the new location in the course of 2020. The location of the Govinda Manufaktur with its 20 employees will remain in Birkenfeld.
