

GREAT ORGANIC COOKIES FOR KIDS!

Ever wondered what cookie to give your kids? Well, Farm Brother Herman did when he got his little boy. And as he did not like what he saw on the shelves – he decided to bake some himself. And here they are! 100% organic kids cookies with as little sugar as possible*.

Take our word for it as we say that these cookies were quite a tough cookie to make. (something with sugar being needed for a stabile dough). But we made it. And now you can try them for yourself – and bring your kids too. They come as animal shaped cookies- with 6 funny portion packs in a box. Ow and we put a little less cookies than normal in a pack. Portion control for the little munchkins. Sshhh don't tell them.

Cookies to change the earth

Did you know that with every eaten cookie, your little one makes the earth a little better too? Literally, as per pack of cookies we turn 12cm² of degraded farmland back into healthy and organic soil forever. Check www.farmbrothers.com and www.makesoilmatter.com

**Which is 20% less compared to the average of other kids cookies in the European market.*
