

Vegan Cookies from Farm Brothers

Farm Brothers proudly presents: Vegan Cookies. Two new cookie flavours, which are not only 100% organic but also completely vegan! Slow-baked without butter and eggs, and especially without all other junk that does not belong in cookies. And that's great news – as we can never have too many vegan cookies in the world. In store now: Farm Brothers Maple Pecan and Brownie Almond.

The Idea

At Farm Brothers they only want one thing: to make the best cookies. The idea is simple: good cookies taste great and are good for this nice blue planet of ours. That is why all Farm Brothers cookies already were 100% organic, egg free and palm oil free. But can you bake the most scrumptious cookies even if you go completely plant based? Herman and Teyler proved this with these two new flavors. What's in it? It's simple: spelt flour, whole grain rye and oatmeal, coconut oil, rice syrup, brown sugar, baking powder and

The Flavours:

There are two: Maple Pecan and Brownie Almond. The latter was even awarded the "**Organic Product of 2019**" at the Dutch Bio Fair this year. By the way - the cookies are also particularly popular with non-vegans. So serve them with or without tea to your mother, that nice neighbor of yours or to all your colleagues or friends. We wonder if anyone will realize that they are vegan? And yes that is a challenge!

Eat cookies - save the earth:

Farm Brothers stands for a better earth. Literally. 'Cause did you know that over the last 100 years we have lost 50% of our fertile land worldwide due to conventional agricultural practices, pesticides and chemicals? Not ok. With every pack of Farm Brothers organic cookies that you buy you "save" a piece (12 cm²) of depleted agricultural land in Flevoland (the Netherlands), and make this organic forever. In this

way, the soil turns to health again, it holds more water and nutrients and it even helps to reduce climate change! You can read more about regenerative organic farming and the importance of healthy soil at our website www.makesoilmatter.com.

For more information on the soil or the cookies, contact us on info@farmbrothers.com or dial +31202613957.
